

Project Demo Planning

Date	05 July 2026
Team ID	SWTID-2026-2423
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Welcome the panel, introduce the team, and define the problem (credential fraud) and SkillWallet's core solution.	2 mins	Thota Sumayya
2	Technical Architecture & Stack	Walk through the system architecture diagram, data flow, and technologies used to build SkillWallet.	2 mins	Soubhadra Ghosh
3	Live Feature Demo (Part 1): Issuer & Student	Show the live portal: How an organization/institute issues a verified skill badge, and how a student views it in their wallet.	4 mins	Tharun Kirnampalli
4	Live Feature Demo (Part 2): Employer Verification	Show the recruiter/verifier side: How a third party instantly verifies the cryptographic authenticity of the student's skills.	3 mins	Mavuri Chetana Veera Sahithi
5	Conclusion & Future Scope	Summarize the business value, highlight potential future enhancements, and open the floor for questions.	2 mins	Vamsi Satya Sai Partamsetti
6	Q&A Session	Address technical or conceptual questions from the evaluation panel.	2 mins	All Members

Demo Flow Summary:

Step	Activity	Notes	
1	Introduction & Problem Statement	Member 1: Hook the audience by highlighting the difficulty recruiters face verifying resumes, and how SkillWallet bridges this gap.	
2	Solution Overview	Member 2: Use a quick diagram to explain how data moves securely between Issuers, Students, and Verifiers.	
3	Live Feature Demonstration	Members 3 & 4 (Smooth Handover): - Member 3 logs in as an Institute, creates a badge, and claims it as a user. - Member 4 takes over to show a recruiter securely checking that badge via a unique hash/link.	
4	Q&A Session	All Members: Everyone steps in to answer questions based on their handled section (e.g., Member 2 handles database/security questions, Members 3 & 4 handle UI/feature workflow questions).
